PROFILE INFO

I am a computer science student self-taught front-end developer with a passion for learning and creating beautiful and user-friendly web applications. I have been working as a front-end developer for the past three years.

I am always looking for new ways to improve my skills and knowledge. I am an active member of the open-source community and contribute to several projects on GitHub. I also attend conferences and workshops to learn from other developers.

I am a hard worker and I am always willing to go the extra mile. I am also a team player and I enjoy collaborating with others

EXPERIENCE

2023 - PRESENT

IEEE Obour Institutes

WEB Instructor

- Instructed students on the fundamentals of HTML, CSS, JavaScript, and responsive design for front-end development.
- Administered assessments to evaluate students' proficiency and comprehension of SEO concepts and practices.
- Designed and facilitated activities that enhanced students' communication and collaboration skills using GitHub as a team platform.
- I also Contributed to the development of the IEEE website using React as a member of a three-person team.
